TAP Air Portugal launch new Corporate Reward Scheme

TAP Air Portugal has launched its new corporate rewards scheme called TAP Corporate.

The scheme allows companies to accumulate a balance when an employee travels with TAP which can later be used for discounts on TAP flights and services including fast-track, seat reservations, lounge access and additional baggage. The more employees fly with TAP Air Portugal, the more the balance increases.

In addition to the credit earned via TAP Corporate, employees will continue to earn miles in their individual TAP Miles&Go program.
